

## UTILITIES LEAGUE EVADES POLITICS

Change of Constitution Formally Opposed by Nine of Its Constituent Clubs

Considering that "it would be wiser for the Public Utilities League to first finish the work it had first undertaken before broadening its scope," nine out of the sixteen clubs belonging to the league have formally opposed a change in the constitution of the league to permit it to take up political matters.

The proposal that the league take up a political stand was discussed at length at a meeting in the Oakland Chamber of Commerce last night.

"Let the Public Utilities League" carry through what it was formed for in the first instance, and then if it desires to take up other matters, submit to referendum the question of doing so.

Advocates of the change in the constitution propose that the league set about a recall election against the mayor and city commissioners of Oakland.

A special meeting of the Public Utilities League will be held July 21 to consider the utilities bill which is being drafted to go before the legislature.

Boyer of the Golden Gate Club was appointed to the committee of lawyers who are drawing up the bill, and the meeting urged that it be completed in two weeks.

The financial affairs of the league came in for comment from Chairman L. T. McGoon. A resolution was adopted that the treasurer turn over his books to a committee.

## TO DISCUSS NEW U. COURSE PLAN

Commercial Secretaries Will Consider Formation of School at Session.

The formation of a school for commercial secretaries at the University of California will be taken up at the midsummer meeting of the California Association of Commercial Secretaries to be held at Monterey July 27 and 28.

Chairman of the committee which has held conferences with the University officials in regard to the proposal. It is expected the Association will take definite action and that department will be located at the University for the training of students to hold commercial secretarial positions.

The new organization, formed last January, has a membership of about 100.

The Monterey Chamber of Commerce and the citizens of Monterey are preparing to cordially welcome the visiting secretaries, and will provide attractive entertainment, including a musical-bake, and a sight-seeing auto trip to some of the beauty spots and points of interest about Old Monterey.

A program of excellent papers and addresses will be presented by the respective secretaries. Although the program is not yet completed, the following list of topics and speakers will be presented:

"Financing the Chamber of Commerce," William Tompkins, San Diego.

"Specializing in Advertising," George T. McCabe, Stanislaus county; "Home-Coming," or "In-Gathering Week as a Promotion," J. H. Brown, chairman, "Refinement Work in California," Oswald Wilson, Victor Valley; "Land Shows, State Fairs and Temporary Exhibits as Factors in Promoting Chamber of Commerce Work," H. S. Maddox, Yolo county; and William Robertson, Fresno county.

Over 200 secretaries of commercial houses from all over the state will attend the convention.

TWO MOTORISTS KILLED. WILLIAMSPORT, Penn., July 8.—Two persons were killed and two others seriously injured when a motor car belonging to William Dunsmore, of Clymer, was wrecked yesterday near Blassburg.

In descending a hill the driver lost control and the machine, after wobbling from side to side, ran up a bank and turned over twice. The dead are William Machinson of Clymer and James Cooney.

## CITY EMPLOYEES TO BE SHIFTED

Works Department Has New Chief Clerk Already Agreement.

(Continued From Page 1)

operate with a man to be appointed to the new position of harbor master in Oakland. The appointment to this position will be made shortly after the ordinance creating the position, which is now before the city council, has been given final passage. The harbor master's position will carry a salary of \$4000 a year, but the first appointment will be on an emergency basis pending the holding of a civil service examination for the post unless the civil service shall exempt the position from these rules.

It became known today that Anderson and the civil service board have been in constant conference for several weeks on the matter of manning the municipal dredger. Anderson was under fire from certain commercial bodies in connection with the matter and made a careful investigation. At the same time the civil service board directed one of their men to go over the figures and to prepare an exhaustive report.

REPORT CONSIDERED. This report has been submitted to Anderson, but the details of it are being kept secret. It is understood that report points to certain conditions wherein greater economy could be effected and recommends changes.

Anderson is now making a study of the report and will again confer with the civil service board pending the carrying out of several of the changes involved.

A recommendation based upon this report will be made by Anderson to the city council for an appropriation for funds sufficient to lengthen the ladder arm of the dredger and to make certain other changes which will increase its efficiency and reduce the cost of operation materially. It is thought that it may be possible to cut the cost of dredging by about 2 cents on the thousand cubic yards.

At the same time it is possible that changes will be made in the dredger crew.

PLAN IMPROVEMENT OF BRIDGES ON ESTUARY. The proposed construction of Bascule bridges across the estuary in place of the present drawbridges will be the subject of a conference to be held at the Oakland Chamber of Commerce on Wednesday afternoon, July 15. Among the officials and public corporations who have been invited to attend the meeting are District Attorney W. H. L. Hynes, Thomas H. Rees, U. S. A., and engineer, Perry F. Brown, City Engineer of Oakland; James E. Sutton, City Engineer of Alameda; officials of the Southern Pacific, the Western Pacific and Santa Fe railroads and representatives of Oakland Chamber of Commerce.

The formation of a school for commercial secretaries at the University of California will be taken up at the midsummer meeting of the California Association of Commercial Secretaries to be held at Monterey July 27 and 28.

Chairman of the committee which has held conferences with the University officials in regard to the proposal. It is expected the Association will take definite action and that department will be located at the University for the training of students to hold commercial secretarial positions.

## MRS. CARMAN IS ACCUSED SLAYER

Woman Implicated in Murder of Mrs. Bailey in Physician's Office.

(Continued From Page 1)

In it, that he brought the weapon from New York, broke the glass of the window looking on Dr. Carman's office, handed the gun to the slayer, took it back after the shooting, and then escaped with it.

For some reason this theory was regarded by both official and unofficial investigators as more worthy of credence than any of the other wild stories which have been drifting about Freeport ever since the night of the shooting. Carman, Gaston Bolsonault, manager of the detective division of a company which manufactures telephone de-

VICES TO RECORD CONVERSATIONS, was the first witness called today at the resumption of the inquest into the death of Mrs. Louise E. Bailey, who was mysteriously shot a week ago Tuesday night in the office of Dr. Edwin Carman of Freeport.

It was Bolsonault's company that installed a telephone device in Dr. Carman's office some time before the murder, at the order of Mrs. Carman. The witness told today of the first call of Mrs. Carman at his office.

She first said she was a dressmaker, then admitted her identity, adding she had many domestic troubles and wanted to hear what went on in her husband's office. The witness said arrangements for the rental of the instrument were made on May 19.

On the same day Mrs. Carman made plans to take her husband away for two days while the instrument was being installed.

Among those who talked with Colonel Roosevelt was Clarence F. Dodge, chairman of the Progressive state committee of Colorado, who is trying to induce the colonel to visit Colorado and make at least one speech.

QUESTION SANITY OF ALLEGED HORSETHIEF. A week's time will probably decide whether McConnell, accused horse thief, alleged to be the man whose depredations resulted in the loss of several valuable horses in the western end of the county, is to be prosecuted or not. The man, who was declared insane, was sent to the Stockton State Hospital for investigation, and, according to Fred P. Clark, superintendent of that institution, no definite decision has yet been reached by the officials there.

According to a letter from Clark, received this morning by Sheriff Frank Barnett, the man appears normal save that he sometimes shows a lapse of memory, especially during the time he is alleged to have stolen the horses.

"I cannot tell whether this is feigned or real," writes Clark. "Cross-questioning brings no results. The case is puzzling and I believe he should be left here a week for further investigation."

## HAMILTON FOUND IN CLASSIC CITY

Alleged Bigamist and Latest Bride Arrive in City of Boston.

(Continued From Page 1)

courted Mrs. Bertha Arnett Conner on money supplied to him by his wife, Mrs. Alice Young Hamilton. He eloped with Mrs. Conner and married her in San Rafael less than two months ago.

ABANDONS WIFE. The two came to Oakland, where Hamilton met Mrs. Dunbar. A courtship of about a week resulted in a hasty wedding at Stockton and Hamilton and the third bride started East.

Hamilton had been located in that city. Several attempts have been made in the past two weeks by the Oakland police to have warrants sworn to charging Hamilton with passing worthless paper or with forgery. They have not as yet succeeded and it is consequently futile for the Oakland department to make a request upon the Boston police for his arrest. The Boston police would not make the arrest unless assured that a warrant had already been issued for Hamilton on a felony charge and this has not been done.

"We can do nothing in the bigamy matter," said Wallman. "The case in this matter is outside the jurisdiction of the Oakland police department. The second wedding was solemnized in San Rafael and the third in Stockton. The warrants would have to be obtained there."

FUNERAL SERVICES FOR LATE DR. J. N. WILKINS. Members of the medical profession were among the mourners at the funeral of Dr. John Nicholas Wilkins, of Piedmont, which was conducted yesterday afternoon from the home of his daughter, Mrs. R. R. Cheney of 424 Pala avenue.

Rev. Dwight Bradley, assistant pastor of the Plymouth Congregational Church of this city, officiated. Dr. H. C. Hice, a local soloist, sang "Lead Kindly Light."

Numerous floral tributes told of the esteem and affection of his friends in this community, where he had made his home for the past eight years.

The body was placed in the family plot in Mountain View Cemetery.

## URGE T. R. TO RUN FOR GOVERNORSHIP

New Yorkers Confer With Col. Roosevelt Concerning Candidacy.

(Continued From Page 1)

during the party in the nation for the sake of making a good showing in this state.

T. R. VS. EVERYBODY ELSE. Judging from the sounds which emanated from the council room, the debate was a lively one, with Colonel Roosevelt on one side and everybody else on the other. George W. Perkins and perhaps thirty others attended the conference.

Colonel Roosevelt was told that in his own party there was an overwhelming demand for him to lead the party and straw votes taken in various sections of the state were submitted to him in an effort to prove that he would gain support from both the old parties and be elected.

"I haven't anything to say about the governorship or anything else concerning politics," said the colonel, when he came out of the room

## BIRD CENSUS IS NEAR COMPLETION

**U. S. Biological Survey Has  
Co-Operation of States  
in Count.**

WASHINGTON, July 8.—Officials of the biological survey in the department of agriculture hope soon to be able to announce the most accurate count ever made of the birds in the United States. Returns from some of the hundreds of nature-lovers around the country who have enlisted as volunteer enumerators have been coming in, reflecting an enthusiastic interest in the count.

When the census was decided upon about 250 bird enthusiasts in all sections of the country who previously had rendered valuable service were

hundred others volunteered their aid.

The counting has been going on since June 1, and was to have wound up by July 1, but it probably will be some time before the last of the returns are in and announcement is made of the total bird population. The census will not include the varieties known as game birds, but in all other respects it will be as thorough and as well classified as is

practicable. Previous estimates by the bird experts are that there are 880 main species of birds in the United States and Canada, the va-

But this is only a guess. The enumerators in the present count have been assigned typical tracts of woodland, cultivated land, and prairie.

woodland, cultivated land and pasture, and asked to count the birds on each. Officials of each state will be asked to furnish the department of agriculture with information

showing the total number of acres of each kind of land within the borders of the state and the number of birds in each state then will be fairly accurately computed.

The plan adopted by many of the

observes is to zigzag back and forth across the chosen area at daylight, counting the male birds of each species, as at that time of day at

this season each is in full song and easily seen. After the migration period is over and the birds are settled in summer quarters it is safe to consider that each male represents a breeding pair. One of the main objects of the census, by the way, is to determine how many pairs of birds of each species breed within definite

A count taken in a part of Chevy Chase, a suburb of Washington, showed thirty-four species of birds in a tract of twenty-three acres, the total number of breeding pairs being 159, about seven to an acre. The average, it is stated, is about one pair to an acre. As the tract in question is thickly populated, the bird experts of the government see in this report a refutation of the theory that the presence of many people

ATTORNEYS TO MEET

## ATTORNEYS TO MEET UPON OIL BILL PLANS

WASHINGTON, July 8.—The arrival in Washington the latter part of this week of E. J. Justice, special assistant to Attorney General McReynolds, and W. N. Mills, special prosecutor of the department of justice from California, where they have been in charge of the prosecution of suits

against the Southern Pacific for the recovery of oil lands and oyster suits against the holders of oil claims in Kern and Fresno counties will be

expected, expedite the California oil  
land bills now on the House calendar  
already passed by the Senate, and  
thus give relief to the oil operators  
whose titles are in dispute with the  
government.

Justice and Mills have been sum-  
moned to Washington principally to

confer with Attorney General McReynolds regarding the differences between the California Congressmen and the navy department over a claim of Secretary Daniels that the legislation ought to be so drawn as to protect future oil supplies of the navy in California. This is the reason the House bills have not been pushed to passage sooner.

The advice of Justice and Mills is wanted by McReynolds and Daniels

While here, Justice and Mills will confer with McReynolds over the recent United States Supreme Court decision in the Burke case, in which the court awarded to the Southern Pacific title to millions of dollars worth of California lands.

---

**PRIVATE PROFITS HIT  
BY OHIO STATE BOARD**

COLUMBUS, O., July 8.—The day of private profit in state work is passing. The Ohio state board of administration has struck it two body blows.

First, the board decided to stock its farm with cattle, hogs, sheep, poultry and the like. With this as a start it began the construction of creameries to furnish dairy products

Then slaughter houses were planned to furnish meats. Now it is planned to open a cannery to can vegetables and fruits, raised on state farms, for winter use.

The second step was taken when the board announced that it was ready to award its last contracts for buildings to private parties.

Hereafter the state will use prison labor on all of its buildings. The state now has a brick plant in operation with convicts in charge.

**AID SOCIETY GIVES  
PATRIOTIC PARTY**

HAYWARD, July 8.—The Patriotic party given by the Ladies' Aid of the church at the home of Mrs. P. R. Petersen was a success both financially and

The decorations, consisting of red, white and blue flowers and flags were artistically arranged. A splendid literary and musical program was rendered by Misses Prowse, Bailey, Mora and Riley of San Francisco and little Miss Marion Hough, Miss Camilla and Miss Estelita Petersen. Several war veterans were present.

The decorations, consisting of red, white and blue flowers and flags were artistically arranged. A splendid literary and musical program was rendered by Missa Francesca and Misses Mary and Eileen of San Francisco and little Miss Marjorie Hough, Miss Camilla and Miss Estelita Peterson. Several war veterans were present.

### PLAN SOCIAL AFFAIRS IN HONOR OF VISITORS

ELMHURST, July 8.—A number of social affairs are being planned in Elmhurst for Mrs. T. S. Keep of Washington, D. C., and her two guests, Mrs. Margaret and Miss Katherine Keen who are the guests of Mr. and Mrs. P. W. Gomph at their home, 1729 Nineteenth avenue. Mrs. Gomph will entertain them at luncheon.

## SHOTGUNS FIGURE IN MINING WRIT

War Over Interests Causes  
Constable to Serve Attach-  
ment Behind Weapon.

NEVADA CITY, July 8.—The financial difficulties of the Grizzly Ridge Mining Company, which is operating the Oustomah mine, near this city, under a bond given by the Oustomah Gold Mining Company, will be reviewed in the justice and the superior courts of this county.

A temporary writ was issued yesterday morning in the superior court prohibiting Justus L. A. Garthe from proceeding with the trial of Brewer, J. A. and Mrs. Staley in his court. Constable C. O. Jensen, who was serving the paper, found it necessary to use a gun, although no shots were fired.

The attachment was levied at the instance of Otto Taylor and Charles Kent, who alleged the sum of \$175 was due to

the company. The writ was issued by Judge Court.

Walter Jensen, who was at the mine at the time engaged in clearing up the plates of the mill, attempted to surreptitiously leave the mill. Constable Jensen caught him in the act and, at the point of a shotgun, ordered him to stop.

W. L. Miller and J. A. Garthe, who are an action for a delivery claim for the proceeds of fifty tons of rock crushed by them for the company under a tribute contract. They alleged that the company was cleaning up the mill without their knowledge. The complaint was filed at 4 o'clock next morning and service of the papers made immediately.

Otto Brewer, Walter Jensen and Mrs. Harry Staley, wife of the superintendent of the mine, are under arrest for contempt of court in attempting to do away with property under attachment.

**TROUBLE OVER AMALGAM.**  
It is alleged that Brewer took a quantity of amalgam which was in the possession of the constable, and ran with it to the superintendent's house, with Constable Jensen in close pursuit. Brewer threw the amalgam to Mrs. Staley, who hid it before the constable could get in. Later on the amalgam was turned over to the court, upon threat of a search warrant being issued.

The troubles of the company in the superior court have to do with the issuance of a restraining order prohibiting the Grizzly Ridge Mining Company from removing machinery from the property. The Oustomah Company, through its officers, learning that the machinery was about to be taken away from the mine, sent two men with shotguns to prevent anybody from taking it away until a restraining order could be duly issued by the court.

**SMASHES GUARD'S SHOTGUN.**  
Staley, the superintendent, took shot away from one of the guards and broke the stock of it and hammered the barrel out of shape upon an anvil.

The restraining order was issued by the superior court on July 4, and the making of it has just been made public. It will be made returnable in the superior court on Monday next.

The Oustomah mine has been operated by E. C. and L. W. Klinker, the latter a Methodist minister of Los Angeles. They assigned their bond to the Grizzly Ridge Company, in which it is alleged they own a large part of the stock, and the bond is about to expire on account of failure to make their payments.

They haven't the right, it is contended, to remove the machinery which they have placed on the mine and attempted to secretly remove during the celebration of the fourth of July.

**PROHIBITION PAPER TO  
APPEAR IN WASHINGTON**

ATLANTIC CITY, N. J., July 8.—An announcement that a daily newspaper in the city of Washington would be started in Washington was made yesterday at a district conference of the Anti-Saloon League of America. The paper will begin publication in December. The sum of \$250,000 is said to be available and the circulation of 100,000 has been guaranteed.

## RECORD CROP OF WALNUTS IS IN

Growers Declare Quality and  
Quantity Are Well  
Matched.

Los Angeles, July 8.—A walnut crop of 10,525 tons, of record-breaking quality is the new estimate of the California Walnut Growers' Association for the 1914 output. "The fine growing conditions we have had all season have brought the nuts up to very large sizes so that the weight per nut will probably be 25 per cent over last year's average," says the association.

Sacramento, July 8.—Four contracts for construction of forty-five miles of the State highway in Yolo, Santa Cruz, Glenn, Colusa and Butte counties were awarded yesterday by the State Highway Commission.

Porterville, July 8.—Judge Court, who is the latter-day descendant of the great thirty years, one of the most widely known orange growers of Central California, died at a local hospital yesterday, aged 77 years.

Sacramento, July 8.—The State engineering advisory board is considering plans for the expenditure of \$50,000 in strengthening the levees of the Sacramento-San Joaquin delta.

At present there is \$100,000 on hand in the State fund for work of this character.

Santa Rosa, July 8.—Alfred D. Bowen, who successfully promoted the Petaluma and Santa Rosa railroad, was in the city yesterday. Bowen produced a plan for the electric system in this county and section of the State.

Santa Rosa, July 8.—The warm weather is making improvement in the condition of the hop yards and the hops are showing some growth. The yards have not recovered from the effects of the late spring frost, which was followed by cold, caused sour rot in the roots and in consequence there are many missing hills.

Fresno, July 8.—Announcement was made yesterday by the California Associated Raisin Company that the San Joaquin Valley raisin crop had been damaged 15 per cent by the excessive heat of the last few days. The damage will amount to thousands of dollars. No ill effect will be felt in the vineyards, though, because the 1914 crop was exceptionally heavy, and the loss still leaves the crop above normal.

Martinez, July 8.—At a meeting of the Contra Costa Chamber of Commerce Secretary John H. Cunningham Jr. was in attendance for a meeting with Congressman Curry and the Rivers and Harbors Committee of Congress upon the occasion of his visit here within the next few days, pursuant to securing Federal appropriation for the dredging of the straits from Bull's Head point to New York landing.

Martinez, July 8.—The total assessed valuation of Contra Costa as given out by the County Assessor yesterday, is \$15,745,321, an increase of \$1,031,321 over 1913. The incorporated cities are valued as follows: Richmond, \$15,522,470; Pittsburg, \$731,430; Martinez, \$1,250,050; Antioch, \$554,180; Concord, \$17,505; Pinole, \$157,200; Alameda, \$24,400.

Los Angeles, July 8.—Arcadia, of early California fame as the home of fast horses, race tracks and gayety, has organized the first Protestant church in its romantic history. And all three of the trustees of the church, which is called the First Presbyterian Church of Arcadia, are women. The church was incorporated today. Mrs. Isabel Mancos, Mrs. Ida M. Parker and Mrs. Kate Hancock are the trustees selected.

Washington, July 8.—Representative Butler yesterday received a petition from citizens of Quincy making that a Government game preserve be established near the middle fork of the Feather river. Baker will introduce a bill to establish the preserve.

Sacramento, July 8.—The record shipment of fruit for the season left Sacramento yesterday when the city carried loads of pears, plums, and apples from the lower Sacramento river district were started eastward. The fruit was unloaded from the river steamers Piquette, Chocoma, and Fruit. Several carloads were sent from Antioch and Walnut Grove.

**SQUARE DEAL FOR  
BLACKFOOT INDIAN**

Spopee, Given Freedom by  
President Wilson, on Way  
to Reservation.

WASHINGTON, July 8.—Breathing free air after imprisonment of nearly a third of a century among Lunatics, Spopee, a Blackfoot Indian, was on his way today from the government hospital for the insane to the prairies of his reservation in Montana. In the care of an Indian bureau official Spopee, who has added the prefix "Purifier" to his name, was to go direct to Browning, Mont., where Commissioner Sells has promised that he will have a "square deal." The Indian added to his name after he learned that "Purifier" had something to do with "keeping his heart clean."

The Blackfoot was pardoned by President Wilson, after persistent efforts of Commissioner Sells, who determined that Spopee's mind was unimpaired. Spopee was convicted of the murder of a white man in Montana in 1879. While it was contended in efforts aimed to gain his pardon that he shot in self-defense yet his friends took the position that his long imprisonment among the insane was more than enough punishment for any offense.

Spopee will meet his daughter in Montana. He has not seen her since she was a child. An investigation now is under way to determine whether he is entitled to enrollment for tribal lands. However, it was declared that ample provision would be made for his maintenance.

As a center of farewell reception before his departure for the Blackfoot reservation, Spopee will be met by 500 admirers, then naively added that "this address no longer was Washington, D. C."

The Indian, now 65 years old, looked forward to his future with the enthusiasm of youth, despite the discouraging news that no longer were there buffalo to hunt on the prairie.

**BIG REALTY DEAL**  
BAILEJO, July 8.—One of the largest realty deals recorded in Vallejo in some months was consummated yesterday when Mrs. Harry Palmer disposed of her holdings and Sonoma streets to Dr. Rachel B. Lahn, who paid in the neighborhood of \$250,000 for the two lots.

**EX-CASHER ENTERS PRISON.**  
TRENTON, N. J., July 8.—Raymond Smith, convicted cashier of the Roseville Trust Company of Newark, yesterday entered the New Jersey state prison to serve a seven-year sentence for embezzlement of the bank's funds.

## VALLEJO NEWS

BATTLESHIPS TO  
DOCK AT YARD

Big Vessels Scheduled to Con-  
voy Submarines to  
Honolulu.

MARE ISLAND, July 8.—Commandant F. M. Bennett, U. S. N., of the navy yard, was advised today that several ships of war were on their way to Mare Island for docking and repairs. The cruiser West Virginia will be the first to arrive in the lower bay, as she is due to drop anchor off the California City Coaling depot at 3 o'clock this afternoon. After replenishing her bunkers, the big vessel will probably come up to the necessary yard to tow one of the submarines to Honolulu this month.

The West Virginia will have to make four round trips, as it will be impossible for the man-of-war to tow more than one diver at a time and the tender Alert has no capacity to tow more than one. The trip alone to the Hawaiian Islands without towing a boat the size of an F-diver. The boat will probably be conveyed to Honolulu by the West Virginia on her first trip to the Pacific.

The cruiser Denver arrives at the yard on Friday afternoon for her annual survey. The survey board consists of Commander Bradshaw, U. S. N., senior member; Naval Constructor Gleason, U. S. N., Lieutenant Commander Cook, U. S. N., Naval Instructor H. Van Kesteren, U. S. N., and Lieutenant Oak, U. S. N.

The cruiser Raleigh is another warship coming to Mare Island during the next week or so. Authority has already been given for the boat dock to dock the ship on her arrival here.

**"POPPY LEAGUE" NEW  
VALLEJO ORGANIZATION**

VALLEJO, July 8.—At San Jose last Saturday the California State Poppy League was organized with representatives from all parts of the state enrolled as charter members. Joseph Clayo of Vallejo, Parlor, No. 77, N. S. G. W., and E. E. Westergren, secretary of the Vallejo Chapter of Commerce, are among the charter members. The object of the league is the perpetuation and growth of the eschscholtzia, better known as the California poppy. It is proposed to hold an annual poppy day celebration, the first of which will take place next year in connection with the Panama-Pacific International Exposition at San Francisco.

**MAY OFFER TROPHY FOR  
FEAT OF NELL SCHMIDT**

VALLEJO, July 8.—Since Nell Schmidt, the Alameda girl, swam across the local channel Sunday, the local chapter of the Sons' Admission Day celebration committee has suggested the advisability of offering a trophy for the young woman to repeat her performance on Saturday, September 8. Many others have suggested that a race be arranged between the various mermaids in this section of the state.

**MARE ISLAND NOTES**

MARE ISLAND, July 7.—The cruiser South Dakota is coming to Mare Island to be docked the latter part of the month. Word to this effect was received by the navy yard officials yesterday from Rear Admiral Howard, U. S. N.

Mare Island's overhead charges during the past 12 months, according to a report filed with Secretary of the Navy, have been \$1,000,000. The cost of the plant, which has been given permission by the navy department to be used for the navy, has been \$1,000,000.

The vessels of the Pacific fleet are to hold their annual fall target practice was made at Mare Island yesterday when orders were received from the navy department to have all the necessary target screens and ammunition ready for the vessels by September.

Authority was received at Mare Island yesterday to sell the old quarantine ship Omaha. The vessel should sell for at least three or four thousand dollars.

The Vigilant will return to Kurea Suena on Thursday when she will relieve the Active, which vessel is to come to the yard to assist the Unadilla during the launching of the tanker Kanawha.

Submarine boat P-1, which is to leave shortly for Honolulu will have an eight-hour test in the lower bay today.

The tanker Kanawha's rudder was installed yesterday and as a result the staging around the stern of the vessel was removed and placed on two coal barges.

The machinery department will work shifts on the collar barge Kanawha now on as the vessel is expected to leave for Mexican waters on or about the 15th inst. The Thompson Bridge Company will begin repairing dock No. 12 next week. The job will cost in the neighborhood of \$85,000.

The public works department is still waiting for the quay wall plans to arrive from Washington. D. C. For commanding work of the sea wall between the caissons of docks No. 1 and No. 2.

A 10-k. w. wireless outfit is to be installed on the tanker Kanawha shortly after she is launched. The outfit will be the gift of F-3 and F-4 will be undocked at the yard on Friday.

During the month of May the navy radio station at Mare Island handled 1200 wireless messages. San Diego handled 2900 radiograms and the Arlington, Va., plant took care of 2400 messages during the same time.

**SEWER CONTRACT MADE.**

VALLEJO, July 8.—Michael Murphy, who is constructing the intercepting sewer system on the local waterfront, will secure the contract to extend the sewer back of bulkhead No. 2 as he was the lowest bidder when proposals were opened by the city council yesterday. But no bids were received for the sewer extension system. Michael Murphy bidding \$27,000 and the Healy, Tibbitts Construction Company \$27,000.

**WILL TAKE "MOVIES."**

VALLEJO, July 8.—Secretary R. R. Westergren of the Vallejo Chamber of Commerce visited the navy yard yesterday and made arrangements for taking moving pictures of the launching of the tanker Kanawha next Saturday afternoon.

## Why Limit Corporate Growth?

There should be no limit to corporate growth so long as the growing corporation keeps within the law, and is healthy in its enlargement. This means superior enterprise and economic efficiency. The result might be accomplished in various ways, that is, an inordinate and forced growth could probably be effectually precluded by the simple expedient of requiring that all securities issued shall represent actual capital, either in the form of money or capital.

The United States Steel Corporation, which Senator Cummins used as a "horrible example," could hardly have been formed if it had not been able to pay extravagant prices, in the form of stocks and bonds, for the independent properties which it absorbed. It was the inducement of an excessive price which moved these independent companies to become parts of the United States Steel Corporation. If the steel corporation had been restrained from issuing securities in excess of the actual value of the properties it sought to acquire, it would have been generations, if not centuries, in attaining to the size which did in reality attain to within a few months. And if, after generations or centuries, it should have attained to its present size, its growth would have evidenced its superior economic efficiency, and, moreover, it would, even at that size, be smaller, relatively to the country's commerce, than it actually is. Measured by a scale of larger units, it would not be the monopolistic giant that it is.

Yet, despite all this, the United States Steel Corporation is one of the greatest factors for good in the world. It has cheapened the price of its products and has increased the wages of its employees. It has made railroads possible where no railroads hitherto existed. Admitting all that has been alleged against it, this combine has aided in the country's development and the next generation will be glad to admit it, although this one is using it as a petty political argument.

## The Late Joseph Chamberlain.

Reviewing the career of the late Joseph Chamberlain, one of the leaders of English statesmen, who died a few days ago, it will occur to the impartial observer that the degree of success he attained was in fair proportion to his merits. He did great things and reached high station; but his highest flights came to naught and the greatest rewards of British public life were never his. He was a man of great talent and marvelous energy of character but of much more dubious moral qualities than the majority of modern British statesmen of mark. Chiefly remarkable for his practical qualities, there was still in his makeup a strong vein of that sentimentalism or idealism which is now recognized as above all things a British characteristic.

It was on this side that he most nearly approached the level of genius. There was a spirit of transcendentalism in his imperialistic conceptions and planning which belonged to the higher field of politics. But the strange outcome is that, while Disraeli's imperial imaginings, often ridiculed as mere gaudy show, generally proved realities and added to the strength of the empire, Chamberlain's projects of imperial unification, seemingly substantial and feasible, have so far come to nothing and offer little prospect in the future of fulfillment or fruition.

Mr. Chamberlain's greatest service to the empire was unquestionably his share in the solution of the South African question. Paradoxically, it was for this that he has been most blamed and in that he was most blameworthy. It cannot be doubted that he became an agent provocateur on a glorified scale in order that England might have an excuse for the extinction of the Boer independence. Another paradox: such was his facile mastery over men that he was presently forgiven by the Boers themselves and was a prime factor in developing their modern loyalty toward the British empire.

Of the contradictions of Mr. Chamberlain's career it would be endless to speak—the early contrast between his personality as an exquisite and a dandy and his politics as a radical of radicals; the change in his views from radicalism to a type of ideas hardly distinguishable from old time Toryism; the scores of minor changes and inconsistencies in his varied attitudes on public questions. It is one of the singularities of English politics today that each of the great parties is the heir of some category of ideas which he first brought forth into prominence. The policies of both are in no small degree traceable to his original influence.

His death removes from the field of political strife a name that was still powerful despite his recent disabilities. The general sentiment following him to the grave will be rather of admiration than respect or love. But in his own city of Birmingham, to which he gave all that was best in him, lasting affection and gratitude will always attach themselves to his memory.

William of Weid does not appear to be much of a king so far as kinging goes, so an international committee will doubtless take from him the crown of Albania and assume control. In fact, it is said that the princess and her children have already left the country and the temporary monarch will doubtless follow them in a few days.

To add to his other troubles, Huerta's troops are in revolt. To this report is appended a statement that the soldiers may attack the forces of Uncle Sam. In that event some real fighting may be looked for providing the administration permits the army to defend itself.

Dr. Munyon's remedies appear to cure almost every ill, save those of a matrimonial sort, in which event he goes to a divorce court the same as other folks.

Oakland gets the big National Educational Association next year, as predicted, at which more than 30,000 persons will be in attendance. This will be one of the largest and most important gatherings ever assembled in the bay region.

Despite all reports to the contrary, the wheat crop of the weevil and other plagues have failed. The United States of America is still the granary of the world.

A Detroit girl has just won a \$4000 damage suit from a bell-boy for breach of promise. All of which indicates that the tipping habit is still in vogue.

The Colonel, so it is learned from the dispatches, hopes to "smash" the "Solid South." Well, that will be some smash.

## THE TWIN OF TYRANNY

## Business Outlook Improving.

Appearances indicate that the temporary depression in business is nearing its end and prospects are brightening. Bankers say, and we believe with sincerity, that an upward tendency is already apparent in financial circles, and certainly the great crops which are being harvested throughout the Middle West should help dispute that spirit of doubt and pessimism which to some extent has aggravated and accentuated commercial inactivity.

Organization of the new currency system is well under way, and the administration's anti-trust program is sufficiently defined to give those interested a pretty good idea of what it contemplates.

All this should tend to dispel the atmosphere of uncertainty which has so long clouded the situation, and enable the country to enter a new era of prosperity and expansion with real assurance as to the stability of conditions.

All of the great markets are short because of the hand-to-mouth buying which has been the order of things for some time past; everybody is anxious for a reawakening of business, and the moment seems at hand when it is reasonable to expect the prompt and permanent return of good times.

## TALK ON HEAVY FOOD

Levin S. Cobb says there are two kinds of sausage, of which only three are edible. Sir Arthur Conan Doyle admits Mr. Cobb's count is correct, but holds the opinion that only two can be eaten. Edward Brennan, soldier of fortune, author and actor, goes even further than Conan Doyle in disputing the American author's claim, and holds that only one kind of sausage is eatable. In as much as all three men are globe trotters of renown and have eaten sausage all over the world, it may fairly be presumed that they are sausage experts.

The controversy started in this way: Mr. Cobb told how he had annotated, annotated, analyzed, and even eaten every known form of sausage. When Sir Arthur and Lady Doyle arrived in New York on the Olympic they were met by Mr. Brennan. Brennan told Sir Arthur of Mr. Cobb's rash statement in regard to sausage.

"If you have the opportunity, Sir Arthur with a twinkle in his eye, I wish you would tell him that in my travels through Germany I found all the kinds of sausage he did. But whereas he found three varieties which were eatable, I found only two. Tell him that I have made exhaustive experiments of the genus bologna, frankfurter and wienerwurst, and found that only two of the species can be digested."

Brennan promised to convey the English author's message, and at the first opportunity wrote Cobb of Sir Arthur's criticism. Gathering Wieny and Wurst, his dachshunds, to his lap (Cobb's lap really is ample), he sat down, and in the heat of passion dictated the following reply to Sir Arthur:

"De gustibus non disputandum. Personally, I refer knackerwurst to cervelatwurst and krautwurst to bratwurst. On occasion I am fond of tafelwurst and bismarckwurst. If real hungry I will eat pinkwurst and lubecker sauchschinken just as readily as I will down a highly spiced sausage of bologna, or a Coney Island hot dog. However, none of these can compare with bludwurst, as it is served in Cologne, or with immaculate leberwurst and juicy wienerwurst as they roll out of the sausage fillers in Vienna."

"The fifty-seven or more varieties of the genus sausadchen of Saxony were quite unfit to eat, principally because the license tags and colorplates of the ingredients were not properly ground. In fact in Schneeburg are called golf dogs, because always they are bound for the links."—Chicago Herald.

## POINTED PARAGRAPHS

Another high record, estimated from 555,000,000 to 575,000,000 short tons was made in the coal production of the United States in 1913. Man's idea is that every good thing was created for his pleasure and glorification. He eats for breakfast a steak of the cow that raised his family, and then goes forth to slaughter the musical mockingbird that dares to eat a mulberry of a grape.

The population of Ireland has been almost cut in two in 75 years. New York's first elevated railroad was built in Greenwich street in 1875, and was operated by a cable. A \$1,000,000 railroad is to be started in Iceland at an early date. A 30,000-acre vanilla plantation is planned to the island of Tahiti.

Residents of two Ohio villages recently killed 13,000 rats in a month. California leads all the other states in the number of automobiles in proportion to population.

has just begun her one-hundredth year in the same house in which she was born in 1815.

Nine mines in 10, the world over, are richer in the first 1000 feet than in the second, and few are worth operating below 3000 feet.

According to two English scientists the sense of smell in man is small, when compared with animals, because of the practice of kissing, and gradually is being destroyed for that reason.

North Dakota is determined to have better rural schools. Two county train-

## Twenty Years Ago Today

A great many people visited the local field of quiet warfare, and all the way from Sixteenth street depot to West Oakland a constant stream was on continual move. Among them the snap shot fiend was not wanting, and many a photo was taken which in due time will be handed down to posterity as a memento of one of the thrilling incidents in the closing part of the nineteenth century. Among the more notable people seen about were Niles Searle Jr., Court Commissioner Fred E. Whitney, who straddled a safety; Lord Mayor Kelley of Piedmont, who came in a double team; President T. J. Oberia, who never made more than one step at a time before his hand was grasped by the officer or admirer, while Chief of Police Schaefer, accompanied by Detective Holland, also paid a visit to the locality.

Captain Kempff, the commander of the Monterey, is a resident of this city. His home is on Durant street. Captain Kempff's family consists of a wife and one son, about 12 years old, and one younger daughter.

The railroad company has established a dead end at the first tower to the Oakland mole. Twenty deputy sheriffs are on duty at the line, and nobody is allowed to go to the mole unless he has a permit from Division Superintendent Wilder. Even Master Mechanic McKenzie and Mr. Dillon were stopped as they passed down the pier. They were soon identified, however, and passed down the line.

A correspondent asks the New York Sun: "What was the population of Oakland, Cal., in 1894?" and the Sun replies "1549." That was thirty-four years ago. What will it be thirty years hence?

The expedition of the unemployed to Vacaville ended disastrously. The fifty men who were sent there from Oakland by the board of supervisors found no work awaiting them and the whole affair proved to be a fraud.

## BABY TALK

The teacher had been trying to explain the law of gravitation to the juvenile class.

"Now, Morris," she said, "can you tell me why it is impossible for you to fly yourself up by your bootstraps?" "Yes, ma'am," answered the young scientist, "it's because I wear shoes."—Chicago News.

"I am learning to spell," said Harold upon his return from school. "Can you spell bread?" asked grandma. "Not yet," answered Harold. "Try me on a piece of pie."

"Mamma, I know what makes that," said small Sadie, who was watching the lightning flashes during a summer shower.

"What dear?" "The angels are scratching matches on the clouds," was the reply.

After having eaten two dishes of pudding, Fred asked for a third dish. "Why, Fred," said his mother, "don't you think you have had enough?" "No, I guess not," was the reply. "My stomach only aches a little bit."

One submarine farm is in existence, constructed by the United States government for the purpose of discovering the most profitable manner of growing sponges. The farm is at Biscayne Bay, Fla. An acre of sponges was planted at an expense of \$1.32. In four years the acre was harvested and the returns amounted to \$953.

Chamberlain's Colic, Cholera and Diarrhoea Remedy. "I advised the boys when they enlisted for the Spanish War to take Chamberlain's Colic, Cholera and Diarrhoea Remedy with them, and have received many thanks for the advice given," writes J. H. Houghland, Eldon, Iowa. "No person, whether traveling or at home, should be without this great remedy." For sale by Ogden Bros Drug Store.

## COLOMBIA'S SOBBING MONKEYS

If you should ever happen to be wandering about the Choco section of Colombia, it would be well to have an eye out for the sobbing monkey. If this animal gets on your trail you might as well ring down the curtain and put a period after yourself.

When it gets after the Colombian Indians, according to H. G. Spurrell, naturalist and member of the London School of Tropical Medicine, the Indian listens to the beast's soul-withering sobs for three days and three nights and then commits suicide.

Mr. Spurrell, who arrived in New York recently, says that the sobbing monkey is pink, and is one of the most rare animals in South America. For reasons that have never been made clear, the sobbing monkey will, at certain times in the year, leave its home in the most impenetrable wilderness and go to the nearest Indian encampment, where it will select its victim and follow him day and night, keeping up a continual weeping and wailing.

According to tribal traditions, this is a sure sign that the victim will shortly be taken with the sleeping sickness or some other fatal disease. It has been customary for the natives to listen to the monkey's sobbing for three days and three nights, and then commit suicide, thus avoiding death by the dreadful sickness. —New York Mail.

## FATAL LOVE LETTER

Every day brings fresh proof of the fact that the love letter is a dangerous weapon. Of Rapp to his dear little rascal secured for Schumann-Heink her divorce. The letters of Gov. Sulzer to the girl who sued him for breach of promise made him ridiculous. The letters of a piffing person named Holman to his innamorata are now making the east shudder with laughter. Brady and Rodenbeaver fell into the same net.

Of course girls like to receive ardent love letters. Also, there is considerable fun in writing them. A youth who can not find time to write checks for his creditors can always find time to write slushy missives. But genius is required to produce a love letter which will stand the gaff in court and newspapers. Love letters may be successful in the main purpose, which is to fix the attention of the fleeing fair, but lack of artistic balance unites them for wide and indiscriminate circulation. Ever since Abelard and Heloise, the literary world has known that love letters and literature are not necessarily at odds. But when an actor or a politician turns amanuensis for cupid, the result is rot.

Of course it can be said that few love letters get into print. Luckily that is true; but the number is increasing. No better evidence of the growth of wealth in the United States can be brought forward than the increase in breach of promise cases. Even if one is not rich enough to make his affections marketable, there is always the chance that he may be a plutocrat week after next. Consequently the maxims of the modern Chesterfield should contain this sentence: "Letters reveal what speech may conceal." And that goes for women as well as men.—Grand Rapids Press.

## COUNTY FAIR TO BE LARGEST YET

### Farm Bureau Assists Association in Arranging Livermore Exhibits.

LIVERMORE, July 3.—With the co-operation of the rapidly growing Alameda County Fair Association, the Alameda County Farm Bureau is getting ready for the most comprehensive agricultural exhibit ever held in the county.

W. H. Elwell has accepted the superintendency of the poultry and pigeon show, and the following, with him, are on the committee, which speaks as good a show as it is possible to get: C. L. Griffith, W. H. Hirsch, R. D. Naylor, C. R. King, S. C. Smith.

The Alameda County Fair Association has offered for the fair general exhibit of fancy household goods, pickles, jams, dried and canned fruits, vegetables or other products of the fairer clubs.

Members of other organizations, the following premiums: \$50 for the first and \$25 for second prize; a silver cup for the most decorated booth of such organization.

### COMMITTEES NAMED.

President Hall appointed the following committee, to work with the clubs and town organizations to secure exhibits:

Hayward: E. K. Stowbridge, E. O. Webb, L. B. Parsons, F. C. Winton, Charles Meyer, H. W. Meek.

Alameda: W. H. Hirsch, M. V. Ferry, W. B. Cushing, E. A. Grau.

Warm Springs: Daniel Brown.

Dublin: H. M. Jorgensen, Peter Kroeger, Mathias Koopman, L. J. Gorloff.

Contra Costa county: N. S. Boone, E. C. Harlan, A. W. Glaze, E. Bishop.

Newark: William Bond, J. C. Mowry.

San Lorenzo and San Leandro: F. Stenzel.

Castroville: E. H. Stevenson, Dr. H. W. Emerson, C. F. Horner, P. C. Hansen, O. N. Hirsch.

Mission San Jose: Henry Lachman.

Livermore: William McDonald, C. E. Wente, J. O. McKinnon, George Beck, D. Ombra.

Oakland: Theodore Gier, D. L. Albert, Niles, J. J. Shinn, Chris Runkel, Charles Evans, W. E. Gibson, John Tyson, Mr. Kirk.

### MASTER PLUMBER HELD UNDER \$3000 BONDS

POND DU LAC, Wis., July 3.—Thomas Montague, secretary of the Wisconsin Association of Master Plumbers and indicted by a federal grand jury in Iowa on charges of violation of the Sherman anti-trust law, was arraigned before United States Court Commissioner Roy L. Morse here today and bound over for trial in the federal court at Des Moines under bonds of \$3,000.

## GUADALAJARA'S FALL NEAR

### Constitutionalists Win Battle, Lasting 36 Hours

NOGALES, Sonora, Mexico, July 3.—In a message to Carranza, dated yesterday at Ahualulco, Jalisco, General Obregon reports an important constitutionalist victory in front of Guadalajara.

"We have destroyed a federal column that left Guadalajara to meet us. The fight lasted 36 hours. At this time the enemy is fleeing in disorder, leaving trains of artillery and ammunition. General Dieguez is in the rear of Guadalajara, and I believe none of the enemy will escape."

"OBREGON."

General Alvarado, the Constitutional commander in front of Guaymas, announced today that the entire Fifth battalion of the federal garrison at that port had deserted and gone over to the Constitutional forces. The battalion consisted of 500 men, mostly Yaqui Indians, who had been under the command of Major Pablo Matuz of the federal army.

Alvarado added that he had assurances that two more battalions of the Guaymas garrison were preparing to desert.

### CONFERENCE ENDS.

TORREON, Coahuila, Mexico, July 3.—The Carranza-Villa reconciliation conference completed its last session last night, although it had been announced that all matters at discussion had been settled satisfactorily on Monday.

It was understood that yesterday's session was called for the purpose of making public what had been done at the conference.

It was predicted by Rodriguez Gonzales Garcia, a Villa man, who has acted as one of the secretaries of the conference, that the statement would bring about a complete understanding between Villa and Carranza.

### TO CONFER ON PEACE.

NEW YORK, July 3.—Ambassador Da Gama of Brazil will arrive in New York today to confer with Eduardo Suarez, minister from Chile, to discuss new phases of the situation with regard to mediation proceedings between the Mexican federal and constitutionalist envoys. Suarez arrived yesterday.

The conference is the result of a telegram received last night by Suarez from the third mediator, Romulo S. Naon, the Argentine minister. Suarez said the telegram stated it was almost certain the constitutionalists would send delegates to meet the Huerta envoys to the mediation conference and that when they arrived they would have a definite plan to suggest and there would be no delays in reaching an understanding to insure peace in Mexico.

### OFFICIALS TO RESIGN.

EL PASO, Texas, July 3.—Reconstruction of the constitutionalist governmental machinery in Chihuahua will begin immediately as a result of the settlement of the Carranza-Villa dispute. Carranza officials, ousted from office in Juarez and other Chihuahua cities by the Villa faction when the division became pronounced, will be reinstated, was the statement made today by Carranza agents here. Such action would mean the restoring of federal telegraphic and railroad lines in Chihuahua to the control of Carranza appointees.

Most of these men are among the twenty-four Carranza officials held as virtual prisoners in Chihuahua City by the Villa authorities since the breach.

As a result of internal peace negotiations at least three Carranza officials will resign on account of the demands made by Villa's delegates to the conference. Isidro Pabla, minister of communications in the Carranza cabinet; Alfredo Brededa, one of Carranza's special agents in Washington, and General Isidro Trevino, chief of staff to the constitutionalist leader, will be removed, according to well-informed constitutionalists in El Paso.

It is reported that Rafael Zubaran, Carranza's special representative in Washington, also may resign, as the Villa faction is bitter against him.

In return for these concessions Carranza's part Villa has acknowledged absolute subordination to him, according to messages from Torreon. Whether General Felipe Angeles, chief of artillery under Villa, will be expelled from the constitutionalist ranks by Carranza's order still was a matter of conjecture among both factions here.

While on the surface everything seems peaceable there is growing convictions on both sides here that the adjustment is only temporary. Villa

### SPURN MEDIATION.

LAREDO, Tex., July 3.—The Constitutionalists are unlikely to accept the offer of the Niagara mediators for a conference with representatives of Huerta to arrange a provisional government in Mexico. This announcement, coming from unquestioned sources, reached the border here today.

It was declared by arrivals here that generals of the Constitutional army, to whom the question was submitted for advice by General Carranza, with the exception of the general of Obregon's division, who have not yet had time to report, strongly opposed any such conference.

Carranza's answer declining to confer has not yet been sent to the mediators, but no doubt was expressed by those in close touch with the situation as to what that answer would be, according to travelers from Laredo.

The Constitutional position, it was said, was to accept a provisional government must cause the outbreak of other revolutionary movements. They pointed to the happenings following Madero's agreement to allow De la Barra to become provisional president, and declared that the agreement for a provisional government would scarcely have been entered into with the followers of Huerta before a dozen new revolutionary movements would spring up in as many different quarters.

### REFORM AND BLOODSHED.

The Constitutionalists assert that the reforms for which they are striving only can be placed in successful operation without loss of life by a government under military rule such as Benito Juarez operated in Vera Cruz in the '60s.

They emphasize this by calling attention to a body under the provisional president took legal action of any sort, he must convene congress as at present constituted and depend on that body to ratify his acts until an election shall have been held. To obtain reforms or satisfactory action through a body under the complete domination of Huerta, the Constitutionalists say, would be to expect the impossible.

General Carranza, it is said, has given assurances that if the Tampico gateway is opened and he can obtain through that port arms and ammunition and supplies, he will take Mexico City within a very short time, establishing peace on a firm basis under military rule, until it is possible to hold a free election.

### GOVERNOR DEPARTS.

ON BOARD U. S. S. CALIFORNIA, Mazatlan, July 3.—(By wireless via San Diego, July 3.)—Governor Amezaga left Mazatlan today on board the steamer Kerrigan bound for San Rosendo. The reason for his departure is not known.

The cruiser Albany arrived today at Mazatlan from San Diego, where she was relieved by the New Orleans.

Carrying as passengers five Mexican sailors rescued in recent fighting between the federal and Constitutional forces, the cruiser Denver left Mazatlan today for San Francisco. The Mexicans will be interned in one of the military prison camps along the border. The Denver will undergo overhauling at the Mare Island Navy Yard.

### BERTILLION FITS HIS SECOND STORE

Hat Shop on Broadway Will Be Opened in the Near Future.

The fitting machine now about completed on the handsome new Bertillion Hat Store at 1523 Broadway.

When interviewed by a TRIBUNE reporter Bertillion said, "Well, I have earned every customer I have by doing the right thing by him. It is just about three years since I opened the doors of my first store to the people of Oakland, and it has been three years of success."

The new store will introduce to its patrons salesmen who are men of known integrity and ability chosen for their particular line and their knowledge of how best to serve the interests of the large clientele that will naturally be drawn to a store of this character.

The interior or fitting will be exactly the same as the other store at Tenth and Broadway, and the opening stock will be a congress of early fall styles, pleasing in variety.

Opening date will be announced in the columns of this paper.

The store at 1025 Broadway will still bid for your patronage in the same manner that made it California's greatest hat store.

### CASH BAD CHECKS FOR ATTRACTIVE GIRL

RICHMOND, July 3.—A well-dressed, attractive young woman is being sought by the local police on a charge of passing fictitious checks in various parts of the city. She gave her address as 1341 Bissell avenue, which is a vacant lot.

An air of prosperity enabled her to pass checks on several merchants, ranging from \$3 to \$10 given in payment for small purchases, the change being given her in cash.

One check for \$3 passed was made out to E. L. Burnett and signed "Charles Kennedy." It was drawn on the Bank of Commerce of Oakland and indorsed "Priscilla Burnett." Another for \$10 was drawn on the Farmers and Merchants Bank of Oakland.

### ACUTE INDIGESTION.

"I was annoyed for over a year by attacks of acute indigestion followed by constipation," writes Mrs. M. J. Gallagher, Geneva, N. Y. "I tried everything that was recommended to me for this complaint, but nothing did me any good until about four months ago I saw Chamberlain's Tablets advertised and procured a bottle of them from our druggist. I soon realized that I had gotten the right thing, for they helped me at once. Since taking two bottles of them I can eat heartily without any bad effects." Sold

### ROBBED WITHIN SIGHT OF HALL OF JUSTICE

SAN FRANCISCO, July 3.—Within the shadows of the hall of justice and the central police station last night, Benjamin Blumenshtein, 218 Fourth street, was held up by two masked men and armed footpads, who relieved him of \$75 and after rifling his pockets hit him over the head, knocking him unconscious. Blumenshtein was found lying in the street at daybreak by Officer Thomas Elyand. Upon regaining consciousness the victim said that his assailants were young men and well dressed.

### ARCHITECT BRINGS AN ACTION FOR DAMAGES

Edward T. Foulkes, a San Francisco architect, has brought suit in the Superior court against the Federal Realty Company, A. J. Snyder et al. He demands \$85,000 damages and costs, setting out that he had been engaged by the company to design and construct a building on the corner of 14th and Clay sts., and that he had expended \$50,000 in doing so.

## WILL BELL EVER PEAL AGAIN?

### SILENT FOR 79 YEARS TODAY

THEN.

Seventy-nine years ago today the Liberty Bell tolled for the last time. On that day it was proclaiming the nation's grief over the death of Chief Justice John Marshall whose body was being taken from Philadelphia to its final resting place in Virginia. Suddenly, the tone of the bell changed, became muffled as with grief. The bell-ringer hurried to the tower of the State House. He found a great crack in the side of the bell. In the circumstances many people seemed to see a fitting omen to one of the most important epochs in the nation's history. Fifty-nine years before the bell had rung out the glad tidings that the Declaration of Independence had been signed and adopted—this day its tone forever became silent during the funeral services of Chief Justice Marshall, the last of the signers of the Declaration and the last of George Washington's associates. Once before the bell had cracked. Made in England at the order and expense of the Colony of Pennsylvania, it was brought to Philadelphia in 1773 where it was given its first test for tone. The first blow of the clapper made a wide crack in the bell. A Philadelphia firm offered to recast it and rather than wait for its return from England the Colonists turned it over to them. The foundrymen thought to increase the sweetness of its tone by increasing the proportion of copper, but they deadened the tone so that it could hardly be heard. Again the bell was recast, this time in London. It was recast in 1838 when it was hung in the State House steeple where for the following eighty-two years its tongue heralded every important national event.

NOW.

Today Liberty Bell lies in state in the State House in Philadelphia where its first clarion peal of liberty rang out. It is one of the nation's most revered relics and every year thousands of pilgrims from all parts of the country visit this shrine. Before it was placed in its present glass case one might often see distinguished men, women and patriotic school children put out their hands to touch the sacred relic. It was with a similar feeling that President Taft once visited it, and after gazing at it for some moments earnestly exclaimed: "I would love to just lay my hand upon the bell!" His wish was readily granted, the guide having the case opened for the distinguished visitor. Six times has the venerable bell been carried to distant cities to take part in anniversaries and exhibitions. Ninety thousand school children successfully appealed to the governor of Pennsylvania to have it sent to the St. Louis Exposition. During the anniversary of the Battle of Bunker Hill it was escorted through the streets of Boston by the Ancient and Honorable Artillery Company, itself a relic of the Revolutionary times. It was adorned with wreaths, and the spectators, many of them being women, kissed its brazen sides with reverence. It has journeyed into the South three times, to New Orleans, Atlanta, and Charleston. Two months ago it was reported that the crack in the bell is gradually becoming larger, and special precautions have been taken to preserve the bell for the future generations.

## LEAGUE CROSS CADETS TO HOLD ENCAMPMENT

The annual encampment of the League of the Cross Cadets will be held in Hanford, California, July 18 to July 22. Elaborate preparations have been made for the entertainment of the cadets and their friends during their stay. There will be 300 cadets in camp including a number of former officers and members who will encamp with the cadets. The League of the Cross Cadets band of forty pieces will accompany the regiment on its southern trip. Cadets will be instructed by officers from the United States Army and the routine will be the same as carried on by the United States army. The trip will be made on the steamers Yale and Harvard. The camp will be in command of Colonel John L. Flynn. The corps at large will be under the following committee: Captains W. N. Buckley, Bert D. Fagholli, P. T. Powers, Lieutenants Groves, Tracey and Leo Carey.

## ALAMEDA PASSES AWAY.

ALAMEDA, July 3.—Frederick J. Fraser, a well known resident of this city, died yesterday after a brief illness. He was a native of New Hampshire and 32 years of age. Deceased, who was a Park street merchant, was the husband of Mrs. Maud McKibben Fraser and father of Robert McKibben Fraser.

# Broadway Theatre

BROADWAY AT TWELFTH.  
COMING SUNDAY, for three days only, Oakland's popular favorite, SYDNEY AYRES.

## ENDEAVORERS BEGIN SESSIONS

### DELEGATES IN CONGLOVE TONIGHT

Pending Arrival of Full Number, Committee Meetings Occupy Day.

Everything is in readiness for the twenty-seventh annual convention of the State Christian Endeavor convention, which will assemble this evening in the Piedmont pavilion. Hundreds of delegates from all parts of California, arrived this morning and registered on the convention roster.

Immediately after reaching the convention auditorium, the representatives of the various Christian Endeavor societies distributed their literature. The members from San Diego and Eureka circulated pamphlets today. The delegates from these cities have expressed a desire for the state conventions to be held in those municipalities in 1915 and 1916. In 1915, San Diego will be the scene of the state convocation, but the 1916 convention city, not yet having been decided upon, the Pomona Endeavorers are here to bid for that session.

**WELCOME TONIGHT.**  
It is expected that 400 Christian Endeavorers will attend the opening session of the convention this evening, when they will be welcomed on behalf of the citizens of Oakland by Rev. Francis Moody, secretary of the California Commission on Marriage and Divorce. Marriage service is performed for divorced persons without proper investigation, according to Rev. Moody, who points out that prominent jurists proclaim 50 percent of all divorces are fraudulent, when a man or woman who has been divorced goes to a certain class of minister to marry again that this class of minister is willing and ready to perform the wedding service merely for the wedding fee with no questions asked. Rev. Moody's statements are based upon figures secured during the two years ending with the first of January of this year.

**CONDITION WORSE.**  
He states that the divorce situation in California, instead of growing better is growing worse.  
"Since our last report," said Rev. Mr. Moody, himself a Methodist minister, "many preachers have been getting much better in this matter of remarrying divorced persons, and they deserve commendation. But other ministers have been getting even worse, and Los Angeles has a disgraceful record for herself."  
A man or woman who receives a notorious thief, murderer or a person divorced for slight or fraudulent causes and remarried—a man who receives such a person on terms of social equality, has no respect for law or morals. Such persons are a curse to the home and to the nation, for they likewise stimulate the divorce and remarriage evil.

**LEARN FROM EAST.**  
"People in the East disdain those who commit the divorce and remarriage evil. This spirit must be cultivated by West-erners."  
"We have statistics showing that people came from all over the state, people the ministers never know, and get remarried without any investigation. The ministers do not know whether or not they are marrying the guilty party. A method more unbusinesslike or unreligious could hardly be conceived."

**RESOLUTE WINS TRIAL ON TIME ALLOWANCE.**  
NEWPORT, R. I., July 8.—Vanitie crossed the line first in today's race, but Resolute won the contest on time allowance. The yachts crossed the finish line as follows:  
Vanitie, 3:28; Resolute, 3:44:01.  
The tri-city sloop, Defiance, developed trouble with her peak halyard blocks and was forced to leave today's cup yacht trial to her two rivals. A fine heavy weather test of the yachts was promised when the Resolute and the Vanitie reached the starting line, four miles southeast of Brenton's reef lightship.  
A snappy fifteen-mile southwest sweep across the course and the sea was covered with whitecaps. The course for today's race was a fifteen-mile dash to windward and return.  
The following order: Vanitie, 11:45:27; Resolute, 11:45:31.  
Shortly after the start Resolute worked out to weather of her rival and took the lead from the Cochrane craft.

**SHAMROCK DISMANTLED.**  
GOSPORT, Eng., July 8.—Dismantling of Shamrock IV, Sir Thomas Lipton's challenger for the America's cup, began today. The designer expects that the yacht will be ready to start for her voyage across the Atlantic two weeks from today.

**AGAIN THREATENING JUDGE IN SHORB CASE.**  
SAN FRANCISCO, July 8.—Superior Judge John J. Van Nostrand today received another threatening letter, one of a series which have been sent to him anonymously during the last few weeks, in connection with the divorce suit pending between Mrs. Adelaide D. Shorb and her husband, Donald McLean Shorb.  
Similar letters have been received by Shorb himself and by his attorney, Charles A. Lee. The case has puzzled the authorities since it commenced, a peculiar aspect being that there seems to be no money involved.  
As yet Judge Van Nostrand has not taken the letters seriously. The post-office authorities are endeavoring to learn the identity of the sender.

**FOREMAN'S SKULL IS CRUSHED IN RIOTING.**  
PITTSBURGH, Pa., July 8.—Intense excitement followed the first daylight display of the strike when William Strang, a foreman in the electric works, was stopped by a crowd of men as he approached the shop by an obscure path. His skull was fractured by a brick and he was killed.

**FISH YIELD BIG PROFIT.**  
SEATTLE, Wash., July 7.—During the last year the shell and salmon fishing industry has netted the citizens of this state \$14,026,692, according to a report by State Fish Commissioner Darwin H. Day. This amount is twice as much as the year previous. More than 2,863,126 cases of salmon were packed, valued at \$12,387,006.

**OIL PAINTINGS AUCTION.**  
TOMORROW, THURSDAY, JULY 9, 11 A. M.  
AT 107 MONTGOMERY ST., S. F.  
J. H. MOSKOW, Auctioneer.

William H. P. Rankin will preside and Dr. H. O. Breiden will be the leader. In the First Methodist Episcopal church, Twenty-fourth street and Broadway, the First Presbyterian church, Twenty-sixth street and Broadway, and the First Christian church, Grand avenue and Webster street, music study hour will be observed tomorrow morning between 9 and 10 o'clock. In those houses of worship also, Conference Hour will be held from 9 to 10 o'clock. The high school prayer clubs of the Intermediate societies will be led in the First Presbyterian church auditorium tomorrow morning. The junior superintendent of the state will be in charge.

**PASTOR TO SPEAK.**  
Dr. Hugh K. Walker, pastor of the First Presbyterian church of Long Beach, will be the speaker on Friday.

**STREET MEETINGS.**  
During the convention meetings will be held at street corners as well as in the pavilion and the churches. The opening assemblage will be addressed by the leading Endeavorers of the state and county societies.  
The meeting of special interest to the County Union presidents will be conducted on Friday morning at 9 o'clock in the First Baptist church, Jones street and Telegraph avenue. Three questions of vital importance will be discussed. Among the issues will be the following:  
"What shall we do for the Endeavorers of the world who will visit the Panama exposition next year?"  
"What can we do to raise California's part of our United States' headquarters building fund?"  
The United Society has started a campaign to raise an additional \$100,000 with which to erect in Boston an income producing building, which will not only provide a headquarters for the world-wide extension work without taxing the state treasury. New York has pledged \$25,000.

**CHINESE CHILDREN WHO WILL SING AT THE STATE CHRISTIAN ENDEAVOR CONVENTION TOMORROW AFTERNOON:** (TOP) LEFT TO RIGHT—LILY HING AND MARY BOWEN. (CENTER) LEFT TO RIGHT—BESSIE HING, GRACE BOWEN AND LILY WONG. (LOWER) MISS MABEL COULTER, DIRECTOR OF THE CHILDREN'S CHORUS, AND LITTLE LENA TURNER, A MEMBER OF THE JUNIOR CHORUS.

His subject will be "The Christian's Equipment." Saturday afternoon will be devoted to denominational rallies in the convention auditorium. On Saturday evening Dr. Raymond C. Brooks, pastor of the First Congregational church of Berkeley, will speak on "The Christian, An Example."  
On Sunday afternoon at 2, there will be a musical service followed by devotional reports on departmental work and special music. Bishop W. M. Bell of the United Methodist church of Los Angeles will preach the sermon, "The Christian's Loyalty." Memorial services will conclude the afternoon meeting. On Sunday evening, Dr. Royal L. Dye will present the closing address of the convention when he will give his view upon "The Christian Spirit."

**RESERVATIONS MADE.**  
Among the delegates who have written for reservations are: From Los Angeles—Miss Helen Calkins, Miss Helen Brier, Miss Cook, Miss Anderson, Miss Clapp, Miss C. Roseman, Miss M. Dallen, Miss F. Dallen, Miss M. Harrison, Mr. and Mrs. H. O. Fisher, Mr. and Mrs. H. L. Horton.  
From Pasadena—A. H. Anderson, Leo Eldis, Miss Blanche Fowler, Miss Eleanor Dayhoff, Miss Cook, Miss C. B. Blake, Miss Shirley Neacham, Miss Zella.

**MUSIC ON WATERS IN 1915 IS PLANNED.**  
First Annual Festival of the Kind Projected for Lake Merritt.

A combined musical festival and water carnival will be held in Oakland in July, 1915, and will be one of the big attractions during exposition year.  
Musical organizations throughout the state will be asked by the Oakland Commercial Club to decorate and illuminate barges which will enter into the mammoth fete on Lake Merritt. Famous choirs, bands and orchestras will participate. The festival will be the first of its kind held on the Pacific coast.  
Musical evenings will be arranged at the new auditorium, the Greek theater and on the shores of Lake Merritt.  
The idea of a combined water carnival and musical festival is that of the Oakland Commercial Club.

**SURF BATHING! LAKE BOATING!**  
in OAKLAND  
Relief from inland heat; theaters, concerts, lectures.  
They can stay very reasonably and most comfortably at any of the apartment houses that circle Lake Merritt. Send them the list published in today's TRIBUNE (classified pages).

**LAST HONORS FOR JAMES BRENNAN.**  
Loyal Moose and Many Friends Pay Final Tribute to Deceased.  
Former business associates and colleagues of the late James T. Brennan of this city paid their final tribute to the deceased at his funeral, which was held this afternoon from the undertaking parlors of Freeman & Cox, Rev. Father Kennedy of St. Mary's church of Oakland administered the last rites of the church, while the Loyal Order of Moose quarter and officers conducted the services at the grave. The body was buried in Mountain View cemetery.  
Many wreaths, bouquets of choice flowers and sprays surrounded the casket. The floral offerings contained cards which revealed the names of many of the leading citizens of this city. "Jim" Brennan, as he was known by his friends, was very popular in his many associations in fraternal and commercial circles of the bay region.  
The active ballbearers were Captain Charles Cook of the Oakland police force, Joseph Kelley, Captain Bowen, Mayor Charles R. Hoyer of Hayward, J. Scanlon and Bert McCloud, to co-operate with Joseph E. Caine, secretary of the Oakland Commercial Club, and other members of that organization in the matter.

**Huge Fortune Will Found Great Charity.**  
CLEVELAND, Ohio, July 8.—The estate, said to amount to millions, left by Thomas H. White, founder of a sewing machine company, who died June 22, will ultimately be used for Clevelanders in educational and charitable work, scientific research, care of needy, sick and aged, and to improve living conditions of the poor, according to announcement made last night by F. H. Goff, president of a trust company which will have charge of the carrying out of the provisions of the will.  
The estate is left to the five children of the deceased and at their death is to be used in philanthropic work. The amount of the estate was not made public.

**Strike Vote Involves Sixty-Seven Railways.**  
CHICAGO, July 8.—Representatives of the freight handlers, clerks, baggage-men, warehouse men and trainmen of sixty-seven railroad lines west of Chicago, were occupied today in preparing an amendment to be sent to the board of managers of the roads.  
The executive committee of the employees yesterday voted to take a referendum strike vote in their organization. A strike vote by the engineers and firemen of the roads already is in progress.  
At the meeting yesterday it was decided that all the railroad employees would act together in the matter of their demands.

**DEEDS LAND PERMITTING EXCELSIOR AVE. OPENING.**  
Deeds permitting the proposed opening of Excelsior avenue, now projected by the Oakland city council, have been filed in the county clerk by Adeline Palmeri, dealing in the city of Oakland land owned by her through the Loma Vista tract sufficient to perform the work. The deed obviates any legal complications and practically assures the work without a hitch.

**AUCTION SALES.**  
J. A. MUNRO & CO., AUCTIONEERS.  
1007 Clay street, corner Tenth street, phone Oakland 4511. Will pay highest price paid for merchandise, furniture, etc., or will sell on commission. Sales every Friday.  
**ADMINISTRATOR'S AUCTION SALE.**  
By order of the Public Administrator, H. B. Mehrmann, the furniture and personal property of J. D. Sheat will be sold at public auction, and also the household goods of J. Frank.

**"The Messiah" Is Musical Triumph.**  
Magnificent is a small word with which to describe the rendition of Handel's "The Messiah" last night in the Piedmont Pavilion, and those who witnessed the production of this, probably the masterpiece of all oratorios, pronounced it one of the most notable musical events ever recorded in California.  
There were 1000 voices, and 1000 voices from this side of the bay and one hundred from San Francisco. This huge chorus, accompanied by an orchestra of sixty pieces, responded to the beat with prompt assurance and conspicuous buoyancy.  
Probably the greatest period in the production was the chorus "For Unto Us a Child is Born," and the gradual crescendo from the pianissimo to the grand finale swept the audience of 5000 music lovers off its feet.  
As was to have been expected the oratorio was ably aided, but "Surely He Hath Borne Our Griefs," "Behold the Lamb of God" were the two superb worshipful numbers offered and the familiar "Lift Up Your Heads" and the master stroke of the work, the "Hallelujah," sung by every nationality in the world, were attacked with vigor and sung with fine sonority and precision.  
**EXCEPTIONAL VOICES.**  
Alexander T. Stewart, who trained this huge chorus, is the man of the hour in musical Oakland today and his work of last night has made an epoch in the musical history of the state.  
The leads were sung by the Sierra Quartette, composed of Mrs. Zilpha Ruggles Jenkins, Mrs. Ruth Waterman Anderson, Carl Anderson and Lowell Redfield, soloists known throughout the West, and while hand-picked to some degree by the perfect acoustics of the pavilion, they each scored signal successes in the solo parts.  
Mrs. Jenkins' finest work was in "I know that My Redeemer Liveth," and her splendid voice carried to the remotest parts of the big structure, while the strains of the muted strings sustained her with wonderful smoothness and accuracy.  
Carl Anderson showed his best form in the funeral passage, "Thy Rebuke Has Broken His Heart," and the big orchestra sobbed an accompaniment equal to some degree by the perfect acoustics of the pavilion, they each scored signal successes in the solo parts.  
Mrs. Jenkins' finest work was in "I know that My Redeemer Liveth," and her splendid voice carried to the remotest parts of the big structure, while the strains of the muted strings sustained her with wonderful smoothness and accuracy.  
Carl Anderson showed his best form in the funeral passage, "Thy Rebuke Has Broken His Heart," and the big orchestra sobbed an accompaniment equal to some degree by the perfect acoustics of the pavilion, they each scored signal successes in the solo parts.

**HOBO KING IS COMING TO OAKLAND.**  
Making Itinerant Study of Unemployed, He Will Advise President.

That Jeff Davis, one of the many "Kings of the Hoboes," and successor to the late James Eads Howe as supreme ruler in the shifting Kingdom of Vagabondia, is coming to Oakland from Los Angeles on his way to Washington, D. C., has been learned from some of the tramp subjects of "King" Davis. Davis was in Los Angeles July Fourth and visited the mayor and chief of police before leaving the southern city.  
"King" Davis claims 400,000 subjects, a large delegation of whom will meet in Chicago in August at a hobo convention over which Davis hopes to preside. He is planning to make a close study of conditions of unemployment throughout the United States and will then file a report with President Wilson at Washington.  
"A hobo is a man who can and will work," declared "King" Jeff. "A tramp is a man who can work, but won't, while a bum neither can nor will work."

**PASTOR IS TREASURER.**  
"Few people are aware that the transient worker is organized or that he pays dues to a central body charged with caring for his interests, getting him work and keeping him out of jail. Our treasurer is a New Orleans minister and \$200,000 is now in the treasury. Our motto is: 'Work, not charity.'"  
Chief of Police Petersen declared today that the "King" would not be molested while in Oakland unless he was found begging or otherwise breaking the law concerning vagrants.  
"Itinerant chiefs spring up among the hoboes from time to time," said Chief Petersen today. "They do not amount to much, but they make huge claims. I think that Davis is probably no exception to the rule."

**RESOLUTE WINS TRIAL ON TIME ALLOWANCE.**  
NEWPORT, R. I., July 8.—Vanitie crossed the line first in today's race, but Resolute won the contest on time allowance. The yachts crossed the finish line as follows:

## PARSONS ARE ACCUSED OF WEAKNESS

Minister Declares Too Easy-grace Cloth by Too Easy Marriage.

LOS ANGELES, July 7.—"Betraying the honor of the church for the paltry price of a wedding fee"—that is the charge hurled today at ministers of the State by Rev. Francis Moody, secretary of the California Commission on Marriage and Divorce. Marriage service is performed for divorced persons without proper investigation, according to Rev. Moody, who points out that prominent jurists proclaim 50 percent of all divorces are fraudulent, when a man or woman who has been divorced goes to a certain class of minister to marry again that this class of minister is willing and ready to perform the wedding service merely for the wedding fee with no questions asked.  
Rev. Moody's statements are based upon figures secured during the two years ending with the first of January of this year.

**CONDITION WORSE.**  
He states that the divorce situation in California, instead of growing better is growing worse.  
"Since our last report," said Rev. Mr. Moody, himself a Methodist minister, "many preachers have been getting much better in this matter of remarrying divorced persons, and they deserve commendation. But other ministers have been getting even worse, and Los Angeles has a disgraceful record for herself."  
A man or woman who receives a notorious thief, murderer or a person divorced for slight or fraudulent causes and remarried—a man who receives such a person on terms of social equality, has no respect for law or morals. PORTLAND, Ore., July 8.—Portland advanced into the first division by defeating San Francisco in the opening game of the series, 3 to 0. Rieger pitched superbly, allowing only four hits. Portland scored three runs, three hits and no errors in the third inning. Rieger's double in the seventh by umpire field for back talk.

## AMATEUR BASEBALL

The Brass club stopped the onrush of the Cluthers and batted the crack pitcher, Jewett, out of the box in the fifth inning. He was relieved by Lavigne who fared little better. Harry Williams and Al Stants were the heavy hitters of the day. It was the first defeat for the Williams in six weeks. The score:

Home run—Speck. Three base hits—Rooney, Connelly. Struck out—W. Williams 4, by King 2. Double play—Martin to Rooney. Umpire—Hart.

The Ambrose Tallor team split even in the double-header with Petaluma, taking the first game 2 to 0 and losing the second 5 to 1. Ambrose pitched the first game and did great credit. His curve broke to perfection. "Left" Merant, Ambrose's new first baseman, was there with a nice double in the fourth. He scored a moment later on Ben Mack's hit. Baser and Powers were also there with the stick. Baser driving out two and Powers getting three hits. The score:

LOS ANGELES, July 8.—The Angels won in a common canter from the Wolves, 11-1. Chech was never in the trouble, while Harry Stewart was never out of it. The Angels hit him for nine singles, two doubles, and a triple. Kremer removed Stewart but failed to make matters. Bill Malarky, former Oak, was out in Angel uniform, and Shortstop Cook will be here tomorrow. The score:

**ELECTED NATIONAL COUNSELORS**  
**MARTINEZ**, July 8.—The Contra Costa County Chamber of Commerce

**BITTEN BY VICIOUS DOG.**  
W. F. Manley, 3915 Webster street, was bitten by a vicious dog last night at Webster and Fifty-third streets. The police declare that the dog was the property of W. F. Garrett, 815 Fifty-third street.

## KIDNAPING MADE DIVORCE CAUSE

Mother Slips by Detectives  
Taking Children from  
Convent.

SACRAMENTO, July 8.—The charge that Mrs. Olive Eder, wife of Theodore Eder, well known hop man and representative of the most intimate in Sacramento county, dashed down to the St. Gertrude Convent at Rio Vista in a taxi-cab and under the cover of darkness slipped by two detectives who had been placed on guard by Eder and kidnaped his two children will form a narrative in the near future.

**CHILDREN DISAPPEAR.**  
Eder has decided to resort to the divorce courts after having exhausted every effort to locate his children. Theodore, aged 11, and Olive, aged 8. Their mother disappeared with them on June 28, the night she took them from the convent, and her whereabouts are unknown.

Eder intimated today he would mention the name of a well known Sacramento man in his divorce action.

"If my friend had any money," Eder said, "I might sue him for alienation of my wife's affections."

**FATHER TAKES BOYS.**  
Some weeks ago the domestic affairs of the Eders became troublesome and finally resulted in a separation. At the time of the estrangement they were living at their home at Twenty-fourth and H streets and the two children were going to the Marshall Elementary School.

Eder went to the school one day, it is said, and taking the children, hurried them away to the Rio Vista convent.

Mrs. Eder was desperate at the loss of her youngsters and immediately detectives were put on the hunt. They made a State-wide search.

About two weeks ago the children were located in the Rio Vista convent with two of Eder's detectives on guard. The Eder home in Sacramento also was watched and Mrs. Eder shadowed by detectives.

**RUSHED AWAY IN TAXI.**

According to the Sisters at the Rio Vista Convent, Mrs. Eder went there accompanied by a detective on the night of June 28 and, getting by the detectives on guard, got her children and rushed away in a taxi-cab.

When seen at the Sutter Club, where he resided since he and his wife separated, Eder admitted he took the children to the St. Gertrude Convent and that they had been spirited away by their mother.

Eder stated that all the facts would come out when he filed his action for

## MOGAN RESCUES MAN FROM RIVER

Judge Returns as Hero from  
Vacation; May Get  
Medal.

SAN FRANCISCO, July 8.—Judge Edmund P. Mogan of the superior court returned yesterday from a brief vacation at Santa Beach with a fine coat of tan and a still finer supply of reserve energy stored up during his short period of play, and, finest of all, an act of splendid heroism to his credit.

For the judge had risked his life to save a drowning man, and the rescue was

vicious underflow which has taken toll of many a human life at the mouth of the treacherous Russian river.

Judge Mogan had to resort to heroic measures, and knock insensible the man, whom he pulled out of death's gate, before he could drag him ashore.

Nicholas Colangelo, manager of a San Francisco market, was seized with cramps while swimming with several of his friends across the river. He grasped hold of Henry Storte, who happened to be near him, and the two men went down.

Judge Mogan was in his swimming suit on the bank of the river and saw what was happening. He leaped in, and reached Colangelo after he had come up for the second time. By that time Colangelo had been carried nearly a block down stream.

**WALL STREET BROKERS  
HELP SUFFRAGE \$1.60**

NEW YORK, July 8.—Only \$1.60 of suffrage enthusiasm was the amount shown by Wall street yesterday in response to the impassioned pleas of Miss Alberta Hill, Miss Eleanor Brannan and other pretty young speakers.

"How can you be so stingy towards such a splendid cause?" pouted Miss Hill, as she counted 60 cents. "I did not suppose Wall street had so many tightwads." This brought two 50-cent pieces and then the girls drove away.

**MERCHANT DEAD.**

BALTIMORE, July 8.—George Blackston, prominently identified with large business interests in this city, died yesterday at his country home near here. He was 60 years old.

Attorney William H. Devlin, who represents Eder, professed complete ignorance of the kidnaping, declined in any way to discuss the case.

J. N. Inman, attorney for Mrs. Eder, also refused to talk.

## CURRENCY ACT TO OPERATE PROMPTLY

Majority of Federal Reserve  
Board Must Qualify in  
Few Days.

WASHINGTON, July 8.—With three members of the Federal Reserve Board, Charles S. Hamlin, W. P. G. Harding,

must soon come into actual existence, as the act creating it provides that members must take the oath and qualify within fifteen days after notice of appointment. These three active members of the board, together with the Comptroller of the Currency and the Secretary of the Treasury, give the necessary five votes, out of the total of seven, required to pass any measure through the board.

It is known that the three members already confirmed and the Secretary of the Treasury and Comptroller of the Currency, who are ex-officio members, prefer to wait if possible until the complete board is named before rushing through organization plans.

Several experts have been called upon to outline the steps necessary to create the Federal Reserve Banks in a satisfactory and speedy manner. These reports are ready for the consideration of the new board as soon as it is convened.

The designation of one of the members of the board as governor and another as vice-governor will devolve upon President Wilson. It probably will be three weeks before all returns are in from the election now in progress to select directors of the various Federal Reserve banks. The banks are selecting four, and the Federal Reserve Board must select two directors for each Federal Reserve bank.

**PROTESTS AT ONCE.**  
One of the early duties of the new board will be the consideration of complaints from cities which feel they should have been granted a Federal Reserve bank. New Orleans, Baltimore and Pittsburg have indicated their purpose to make representations immediately.

Indications now are that prominent bankers throughout the country regard the Federal Advisory Council provided for by the act as a far more important body than is generally understood. The council is to consist of one member from each Federal Reserve district, selected by the directors of the Federal Reserve bank in that district and is to meet at least four times a year in Washington, or oftener if called by the Federal Reserve Board. The council may also hold additional meetings wherever it sees fit.

It is to select its own officers and adopt its own method of procedure. It is provided in the act that the council shall confer with the Federal Reserve Board on general conditions and may call for information and make recommendations in regard to discount rates, re-discount business, note issues, reserve requirements and the general affairs of the banking system. A majority of the members of the council is to constitute a quorum.

**OF GROWING IMPORTANCE.**  
While the powers of the council are purely advisory, it is believed by many bankers that the council will be nearly as important as membership upon the Federal Reserve Board. The council will have only twelve members, one for each Federal Reserve bank, and its members will be in such close touch with the affairs of their districts, as well as with the Federal Reserve Board in Washington, that much depends on the character of men named for the council. They will be the go-between who will carry the recommendations of the Federal Reserve Board to the banks, and their recommendations will be of vital importance to the banks.

Word from Paul M. Warburg, the New York banker, as to whether or not he would consent to allow his nomination to be a member of the Federal Reserve Board to remain before the senate, after his request that it be withdrawn, was anxiously being awaited in administration circles today. President Wilson urged Warburg to reconsider his decision. Hope that Warburg might change his mind and take the place was based upon reports that he was wavering.

**OTHERS SAY NOT.**  
On the other hand, senate banking committee members were said to believe that Warburg had finally eliminated himself by his declaration to appear before the committee for examination. In his telegram to Chairman Hitchcock of the banking committee, Warburg said he felt the committee's action in holding up his nomination and one other while three were confirmed, was based upon his usefulness as a member of the board.

President Wilson's friends in the senate have assured him that, regardless of opposition in that body to Warburg, his nomination can be confirmed.

**SENATE REPEALS ALASKA  
RAILROAD LICENSE LAW**

WASHINGTON, July 8.—The Alaska railroad license law, under which the penalties most of the mileage of the territory has been shut down, was repealed by the Senate today and an income tax of 1 per cent on gross earnings in addition to the normal income tax was enacted.

The bill has passed the House and awaits the President's signature. Penalties, running into hundreds of thousands of dollars under the old law, were wiped out.

**APRICOT SEASON  
HEIGHT IN SAN LEANDRO**

SAN LEANDRO, July 8.—The apricot season is at its height in this locality, on an average of five car loads a day being shipped by rail. Within a few days it is expected six and seven car loads of coals will be despatched. The average price of apricots in this district this season is \$3.50 a box.

Hundreds of pickers and dryers are at work in the orchards, men and women camping out in tents pitched under the trees.

**PROPRIETOR FINED FOR  
DISCHARGING GIRL**

SEATTLE, Wash., July 8.—R. F. Ivy, a laundry proprietor, was fined \$100 yesterday in Justice Court for discharging Miss

testified at the State Industrial Welfare Commission's hearing on the wages of laundry women. State Labor Commissioner Olson directed the prosecution.

**GRAIN BURNED.**  
PORTERVILLE, July 8.—One hundred acres of standing grain were destroyed by a grass fire which swept over a large acreage of pasture and farming land near here last night. It was put out by a force of 100 fire fighters. Three hundred acres of pasture was destroyed in the Fraser valley by a fire yesterday.

## Kings Congratulate Only Billionaire, John D. Rockefeller

TARRYTOWN, N. Y., July 8.—John D. Rockefeller, oil king and "the richest man in the world," today is celebrating his seventy-sixth birthday. Because it was feared that the "free speakers," the I. W. W.'s and the Ferret anarchists might pick today as a good one for another demonstration against Rockefeller because of his attitude in the recent Colorado strike war, a heavier guard than usual was placed about the great mansion in Pocantico Hills. The oil king's son, John D., Jr., was expected to spend the day here with his father.

Hundreds of telegrams and messages of congratulations poured into the Rockefeller home today from all sections of the globe, where Rockefeller has business and personal friends. Many new-

crowned heads of Europe. Rockefeller on his seventy-sixth birthday is accredited with a fortune of close to a billion, thus making him the only billionaire in the world.

The assessment of his property in Cleveland some months ago, when he refused to pay taxes there, placed his holdings far in excess of \$800,000,000.

According to John D.'s physician, Dr. H. F. Bigger, Rockefeller's health is better today than it has been in many years. He continues his daily program of a game of golf, an automobile ride and perhaps a bicycle ride. Despite many reports that Rockefeller's health is bad, Dr. Bigger declares his wealthy patient is unusually healthy and vigorous.

One of his years and especially when the early cares and worries he went through are taken into consideration.

## MISSION SCHOOL AT MT. HERMON

Bay City Workers Will Con-  
vene at Resort in Santa  
Cruz Mountains.

Numerous Oakland, Berkeley and San Francisco people are interested in the coming session of the Mount Hermon Federate School of Missions, which will convene at Mount Hermon, in the Santa Cruz Mountains, July 29 to 25 inclusive.

Mrs. Ransom E. Beach of Oakland is chairman of the Federate School of Missions. Mrs. D. B. Wells, who has conducted the daily text book classes at Mount Hermon in past years, will teach this year, the new text books being "In Red Man's Land," by Francis E. Leupp, ex-commissioner of Indian affairs, and "The Child in the Mist," by Mrs. Mary S. Lahara, formerly missionary in Persia. Mrs. Paul Raymond, author of "The King's Business," will be present and speak.

As California votes on state-wide prohibition in November, this question will be taken up at Mount Hermon. The speakers being Mrs. Eugenia F. St. John and Rev. J. Q. A. Henry, the noted evangelist, whose topic will be "The Spiritual and Eternal Aspect of the Liquor Problem."

Among speakers on different topics will be Mrs. J. McDaniel Stearns, formerly missionary of the Christian denomination to Mexico, and now in her first year as a national speaker. Rev. F. S. Brush of Alameda, who will give an illustrated lecture on places of interest around the world.

Rev. J. McDaniel Stearns, formerly Baptist missionary in Cuba and in Japan, will be present during the week. Rallies of the different denominations affiliated in the Mount Hermon Federate School of Missions are appointed for Thursday, July 23.

**KUBELIK FATHER SIXTH  
TIME, HIS FIRST SON**

BERLIN, July 8.—Telegraphing from Bohemia yesterday to his American concert manager, Howard E. Potter, Jan Kubelik announced the birth of his sixth child and first son. Kubelik, the Polish pianist, has his revealed distinct traces of talent for the violin.

**TUNNEL IS FLOODED.**  
BRIGUE, Switzerland, July 8.—The Simpson tunnel was inundated yesterday by a subterranean stream which burst through the retaining wall and flooded the tube to a depth of two feet. A train was derailed, but no one was hurt.

CLAY BATH & WASH OAKLAND

## RECORD CROP OF FRUIT PREDICTED

Value of Visiting Nurses in  
County Demon-  
strated.

WASHINGTON, July 8.—A record fruit crop this year is predicted by the standing committee on statistics and standards of the United States Chamber of Commerce. In a report of investigations of trained observers all over the country, it is stated "that the general prospect for a large yield of fruit of all kinds, with the possible exception of peaches, has not been equaled at any time during the past decade, save in 1912."

The peach crop was severely damaged by the cold early spring. Oklahoma, most of Arkansas and a large part of Kansas suffered the heaviest loss to its peach crop. Damage less severe was reported in south central Missouri, southern Mississippi, northwestern Alabama, south and east Texas, southwestern Georgia, western Kentucky, western Tennessee,

southern Idaho and portions of North Carolina. Elsewhere the outlook for the peach crop is so promising that a normal yield can be expected.

The necessity of well-organized associations of fruit growers for the purpose of gathering, packing and marketing the product is emphasized in a report of the United States Chamber of Commerce. Many of the states east of the Rocky mountains, the report states, yearly lose much of the income of their orchards because of the lack of co-operation among growers and a "lack of realization that an unprepared orchard is a steadily diminishing and deteriorating asset."

**POTATOES HIGHER.**  
The price paid to the farmer for potatoes is about 48 per cent more this year than last year. The average farm price for potatoes this year is 74 cents a bushel, 23.2 cents higher than last year. In the eastern states gains in potato prices to farmers have been reported as follows: Maine, 24 cents; Vermont, 10 cents; Massachusetts, 21 cents; New York, 23 cents; New Jersey, 13 cents; Pennsylvania, 27 cents; West Virginia, 30 cents; Virginia, 14 cents; and North Carolina, 14 cents. In the central states the increase ranged from 3.24 cents in Wisconsin to 36 cents in Indiana. Idaho, Washington and Oregon had the lowest prices, with gains of 18, 10 and 17 cents, respectively.

The Department of Agriculture is conducting experiments to test the value of visiting nurses in rural communities. In order to gain practical information on the subject, representatives of rural organiza-

tion service of the Department of Agriculture helped the people of Chilton county, Alabama, to organize for the purpose of appointing a trained nurse and meeting her salary and expenses. The county board appropriated \$500, the school board \$500 and private individuals \$500, and with this \$1500 the services of a certified Red Cross nurse were secured for \$600 a year and actual expenses. Features of the nurse's work have been school visiting, in which she examines pupils and delivers lectures; talks on the care of infants and general hygiene at mothers' meetings; and actual nursing in severe illnesses. According to reports from the country, the work of the nurse is meeting with great favor on the part of authorities and residents.

**FAST TIME IS MADE  
IN FLIGHT OVER SEA**

SAN DIEGO, July 8.—In a new hydro-plane he recently built for the government, Aviator Glenn L. Martin flew 71 miles over the ocean, from Balboa bay to North Island, yesterday. Martin carried Lieutenant F. S. Bowen and made the trip in 75 minutes.

**BONDS DEFEATED.**  
STOCKTON, July 8.—By a vote of 1093 to 1030 a proposition to bond the city for \$266,400 for street improvements was defeated yesterday. One-third of the registered voters went to the polls. Only one-half of the voters were registered for the election. It required a two-thirds vote to have carried.
